 GitHub: Elizah7 |  LinkedIn: uddeshy-jaiswal-56a69a201

PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with hands-on experience in building scalable MERN stack applications, ERP systems, and responsive web platforms. Skilled in React.js, Node.js, MongoDB, Express.js, and RESTful API integration. Experienced in developing user-centric applications, improving UI/UX, debugging performance issues, and collaborating in agile teams. Familiar with modern AI-assisted development tools including Cursor AI, Antigravity, and Codex Agent. Passionate about building high-performance web applications and solving complex technical problems.

TECHNICAL SKILLS

Frontend

React.js, JavaScript, HTML5, CSS3, Redux, Responsive Web Design, Chakra UI

Backend

Node.js, Express.js, RESTful APIs

Database

MongoDB, PostgreSQL

Tools & Platforms

Git, Docker, Cursor AI, Antigravity, Codex Agent

Additional Skills

Problem Solving, Team Collaboration, Debugging, API Integration, Agile Development

PROFESSIONAL EXPERIENCE

Software Developer | Metaphi Innovation

Mumbai | Sep 2025 – Present

Developed and maintained multiple custom ERP (Enterprise Resource Planning) web application using the MERN stack. Built modules for inventory management, sales tracking, purchases, and product management. Improved application functionality through API integrations and backend optimizations. Collaborated with cross-functional teams to deliver scalable and maintainable solutions.

MERN Stack Developer | Kalvium

Coimbatore | Jul 2023 – Jun 2025

Developed and maintained full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Redesigned and enhanced the Student Profile UI for improved responsiveness and user experience. Integrated RESTful APIs to extend platform functionality and improve application performance. Debugged frontend and backend performance issues to ensure stable application delivery. Participated in code reviews and collaborated with team members to maintain code quality and scalability.

PROJECTS

DevTv+

Tech Stack: React.js, Chakra UI, Redux, Node.js, Express.js, MongoDB

Developed a video streaming platform with secure user and admin authentication. Implemented CRUD operations for video management and content handling. Built responsive frontend interfaces using React.js and Chakra UI.

Integrated backend APIs and streaming functionality for seamless content delivery. Deployed Project: <https://devtv.netlify.app/>

GitHub: <https://github.com/Channa7/DevTV-debonair-salt-581->

Fashion Mantra

Tech Stack: React.js, Chakra UI, Redux, Node.js, Express.js, MongoDB

Developed a full-stack e-commerce application for online product browsing and purchasing. Implemented user authentication and role-based admin management.

Designed shopping cart and order management functionalities.

Built admin-side CRUD operations for products and order management.

Deployed Project: <https://newfashionmantra.netlify.app/>

GitHub: <https://github.com/Elizah7/animated-plants-61>

Daily Essentials

Tech Stack: React.js, Chakra UI, Redux, Node.js, Express.js, MongoDB

Built a responsive e-commerce platform focused on smooth user experience and product accessibility.

Developed secure authentication and login systems.

Integrated product browsing, cart management, and order placement functionality. Managed backend CRUD operations and MongoDB database integration.

Deployed Project: <https://daily-essential-koushikniyogi.vercel.app/>

GitHub: <https://github.com/KoushikNiyogi/Daily-objects-clone>

EDUCATION

Full Stack Web Development

Masai School, Bangalore | 2023

Bachelor of Arts

V.B.S.P University, Jaunpur, Uttar Pradesh | 2020

Language

Hindi

English
